[gift of Susan Loring, June 27, 1984]

Bevey Farm, Aug. 4th 1882

Dear Dr Gray,

Do please tell me what kind of a subscription I ought to make to the Darwin Fund? In England people subscribe a couple of guineas and think they are all right. I shouldn't grudge ten dollars or even twice that if needful, but few calls are so frequent that one wants to get off as reasonably as may be.

Always truly Yours C. Darwin
